HOW TO PLAY

ADULTS vs. KIDS • Family Activity Challenge

1 Grab your pencils!

Pencils, crayons or markers all work. Find a timer too (a phone is perfect).

2 Pick a challenge.

Each round has a Get Ready page, a rules page, an ADULT page and two KID pages.

3 Same puzzle, different levels.

Grown-ups get the tougher version, kids get the friendlier one. Follow the rules page!

4 Beat your opponent.

Race, count, find or vote: the rules page tells you how to win each round.

5 Judge it together.

Write your points on the rules page and on the Scoreboard. Grown-ups can check the upside-down answers at the bottom of the puzzle pages.

SCORING

Round winner: 3 points
Other player: 1 point
Tie: 2 points each

KID BOOST
