BEFORE YOU PLAY

Two quick notes. Read your own side first.

TO THE ADULTS

You've done the puzzles, the mazes, and the tic-tac-toe. Your kid is older now, and the questions are getting bigger.

This book isn't about winning an argument. It's about hearing what your child really thinks, without turning it into a lecture.

Listen first. Ask "why?" more than you say "because." And when a kid lands a good point on you, give it to them. They'll remember that longer than any trophy.

TO THE KIDS

You're not little anymore, and you have opinions. Good. In this book you pick a side, argue it, and call out the grown-ups on their double standards.

The adults have to argue, too. They might even change their minds.

Be bold, be funny, be fair. Make your point with reasons, not volume. And you never have to share anything that feels too personal. Just say "PASS."

PROVOCATIVE, NOT MEAN.

That's the only rule that matters. Challenge ideas, never people.

2

PICK YOUR TEAMS

Adults vs. Kids. Any family size works. Put as many players on a team as you like.

3

PLAY A ROUND

Each round has six pages: Get Ready, The Challenge, an Adult Page, a Kid Page, The Showdown, and The Big Reveal.

4

ARGUE, CHALLENGE, REVEAL

Pick a side, make your case, challenge the other team, then reveal who changed their mind.

5

SCORE IT AND LEARN IT

Fill in the round scoreboard, write what you learned about each other, and move to the next round.

ADULT PAGE + KID PAGE

Both teams get the same four situations. Pick your side on your own page without peeking, and predict what the other team will pick.

SCORING

THREE WAYS TO WIN

We never score who is RIGHT. We score who argues BEST.

+2

BEST ARGUMENT

Who made the strongest case?

Clear claim. Good reasons. A real example. The OTHER team votes, so you can't vote for yourselves.

+2

BEST COMEBACK

Who challenged the other team's thinking?

A smart question or counter-argument that made everyone say "ooooh." The OTHER team votes again.

+3

MIND CHANGER

Who made someone reconsider?

If anyone on the other team says "hmm, you changed my mind a little," you earn it. Honesty is the whole game.

+1

FLIP BONUS

Who argued the other side best?

In the Flip It challenge, each team argues the OTHER team's position. Best flip earns the bonus.

ROUND 12 = CHAMPION ROUND

All points are DOUBLED in the final round, so every team still has a shot. Up to 7 points per team per round (14 in Round 12). Ties? Both teams get the points.

SCORING EXAMPLE

The kids make a great case (+2 Best Argument). The adults land the sharpest question (+2 Best Comeback). One parent admits "fair point" (+3 Mind Changer for the kids). Round result: Kids 5, Adults 2. But the adults can still win it all in Round 12!
